

RICKSHAW

2021 SAUVIGNON BLANC

We source our Sauvignon Blanc throughout Northern California, looking for parcels that deliver both great freshness and a sense of depth. The combination of these elements is a crucial factor for producing the exceptional Sauvignon Blanc for which we strive.

During the season of 2021, California overall received almost no rain. The summer had mild temperatures which allowed for the fruit to hang a bit longer than usual. All of the vineyards and fruit load were managed according to how much water was available for that specific vineyard. There were a few hot spells early in the fall which quickened ripening and accelerated harvest season.

This 2021 Sauvignon Blanc has a blend of fruity and floral aromatics and flavors. It opens up with beautiful aromatics of candied orange, lychee and starbright lilies. Fresh flavors of honeydew and lychee lead to a round mid-palate, then a crisp and lively finish.
